

ABOUT OUR DOCTOR

Dr. John Burns has been practicing Optometry for over 20 years in Maryland. He has been in private practice at Eye Design since 1994.

Dr. Burns received his undergraduate degree in Biology from Widener University. He completed his Doctorate in Optometry at the Pennsylvania College of Optometry and is currently the president of the Maryland Optometric Association. He was presented with the "Young Optometrist of the Year Award" in 1998. He received the Dennis Kennedy Award from TLC for Eyecare Excellence in 2002 and 2003.

Dr. Burns is therapeutically certified and practices all aspects of optometry, including prescribing glasses, contacts, treating certain eye diseases, and has a special interest in laser vision correction.

Dr. Burns is married with three children and in his spare time, enjoys running and golf.

ABOUT OUR OPTICIAN

Barry Miles is American Board Certified with over 30 years of experience. He is past President of the Washington Chapter of the Opticians Association of Maryland and is currently on its Board of Directors.

Mr. Miles is an optical lens specialist and has the knowledge and skill to design eyewear to meet your specific needs. His flair for color and shape mean you will always select great looking eyewear.

Mr. Miles is married with one daughter and in his spare time enjoys cars and the thrill of autocross competition.

Comprehensive Eye Health Examinations

Included in our thorough exam are the following: Screening Visual Field, Visual Acuity for Distance and Near, Direct Ophthalmoscopy, Slit Lamp Bio-microscopy - Monitors for any existing Cataracts, Goldmann Tonometry - Monitors for Glaucoma, Refraction - Checks your eyeglass prescription. We also offer OPTOMAP® Digital Retinal Photography and OPTOMAP® SD - OCT Retinal Scan.

Contact Lenses

We offer every possible type of contacts lens- soft, gas permeable, disposable, astigmatic, bifocal, multi-focal, tinted, and even corneal reshaping. Dr. Burns has special expertise in contact lens fittings. In fact, our office was the first optometric office in the area to use a Computerized Corneal Topographer to aid in the design of the lenses which gives a more accurate fit and better comfort. Our satisfaction guarantee policy ensures you will always be happy with your lenses.

Laser Vision Correction

Imagine waking up in the morning and seeing everything in your room with vivid detail, including the alarm clock. Imagine driving, watching TV or even showering without the restrictions of eyewear, **NOW YOU CAN WITH LASIK!**

Using an advanced laser delivery system called Excimer Laser, a computer controlled ultraviolet beam of light gently reshapes the cornea, allowing light to focus more directly on the back of the eye.

As partners with TLC Laser Eye Centers, we use the finest, most skilled surgeons in the Washington DC, Maryland and Virginia area. They have successfully performed thousands of laser vision procedures.

Pediatric Care

At Eye Design, your child's eye care is in excellent hands. You will appreciate how we conduct the examination on your child's level, as well as any additional tests performed specific to your child's needs.

Computer Vision Testing

Eye strain, fatigue, and discomfort caused by computer monitor use can be eliminated by the proper testing and designing of computer specified eyewear. Test results will indicate if you could benefit from Computer Eyewear. This eyewear includes special coatings and filters to enhance your visual clarity, contrast and comfort while working at the computer.

Fashionable Eyewear

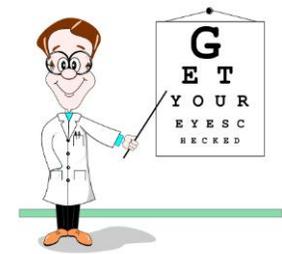

You'll find a wide selection of eyewear from simple to sensational, including some of the finest Designer Lines available. Our American Board Certified Opticians have the knowledge and skill to design eyewear with outstanding optical clarity and comfort. This allows us to offer our patients the most flexible satisfaction guarantee policy in the area.

Barry Miles, can demonstrate and discuss with you the benefits of advanced optical lens products. These include Zeiss® no-line progressive lenses, premium anti-reflective finishes, Transitions changeable tints, Polarized sun lenses, and Ultra Slim lenses which can reduce lens thickness by more than 45%.

Insurances

We accept most insurance plans such as: VSP, BCBS, MAMSI, Alliance, Aetna, Medicare, Cigna Healthcare, United Healthcare, and many others. We also offer senior citizen and military discounts.

***We offer 6 mos. no-interest payment through Care Credit .**

OUR HISTORY

Eye Design was formed in 1984 by founders Dr. Forrest Z. Miles and his son Barry Miles. Dr. Miles had provided 35 years of Optometric Eyecare in the Clinton-Camp Springs area before retiring in 1995.

Dr. John L. Burns joined Eye Design prior to Dr. Miles retirement and continues to introduce new aspects to Eye Designs Comprehensive Eyecare Philosophy.

OUR MISSION IS:

To enthusiastically provide our patients with unsurpassed eye healthcare, superior eyewear and life-long patient care, that is second to none.
